

# Tom Daugherty Orchestra

## Stage - Sound Requirements

Stage area for the "Big Band" should at least be :

15' Deep X 30' Wide or larger

The Tom Daugherty Orchestra uses a seating of two rows. When possible the second row may use a riser. The riser must be at least 12 inches high and 8 feet wide to accommodate our rhythm section consisting of a drum set, electric bass, and digital piano. The trumpet section will also be located in the second row and on that riser.

Seating: 18 Chairs (We will provide our own music stand fronts)

1 Table to sell merchandise. (long rectangular table 6')

Electrical: At least two 120V outlets.

One dedicated line (four outlets, 120V)  
for rhythm section amplifiers if possible.

Sound requirements for the band are as follows:

(Large Stage Performances)

Microphones-Front Row : Saxes 5, Trombones 2

Second Row: Trumpets 2, Drums 1 opt.

Rhythm Section can be "plugged in" to your sound system

Band Front: 5 vocal - Instrumental solo

Monitors: 2 Front, 2 Behind

(Small Stage Performances)

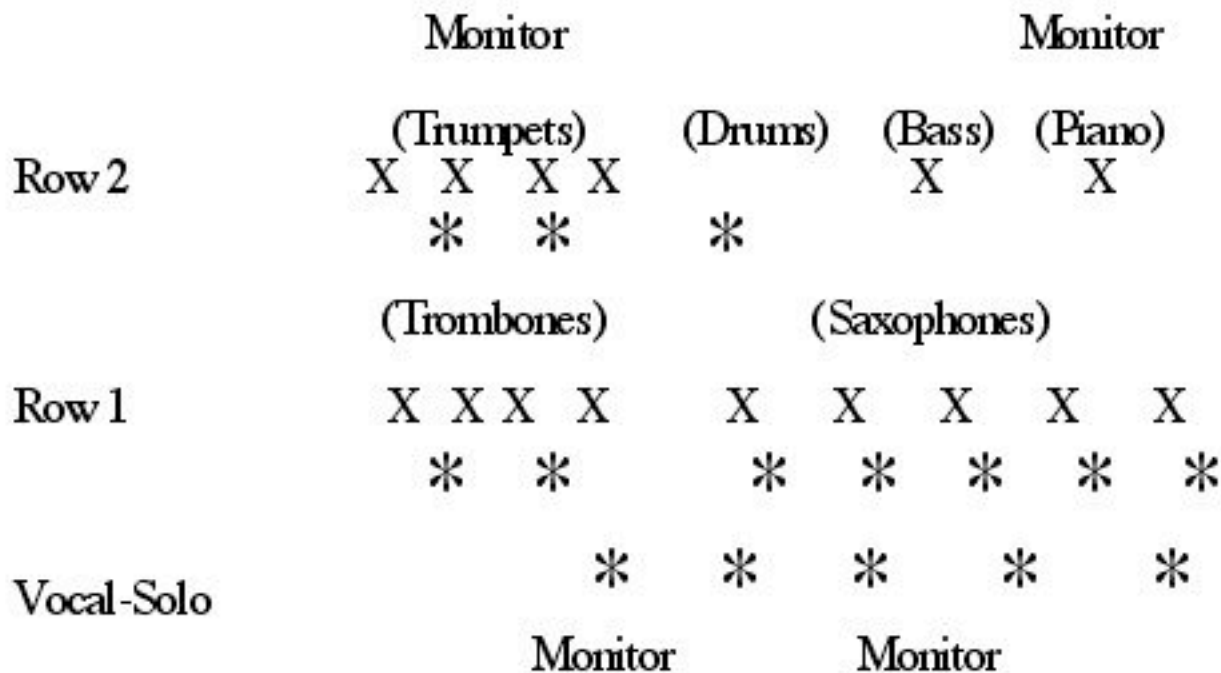

Microphones-Front Row : Saxes 4, Trombones 1

Second Row: Trumpets 1,

Band Front: 5 vocal - Instrumental solo

Rhythm Section can be "plugged in" to sound system

Monitors: 2 Front

Legend: \*= Microphone X=Chair
